There Is a Difference between “Discipline” and “Abuse!”

おとうさん、おかあさん 「しつけ」と「虐待」は違います！

Be aware that there is a difference between “discipline” and “abuse.” If a child is harmed emotionally or physically, even though you may think it is just a part of child discipline, it may be a form of abuse. Beating or yelling at your child is actually counter-productive to encouraging good behavior. It is important to treat children kindly and warmly.

If you have any concerns, please consult with any of the following places:
