

# 2022 Eye Examination Notice

Please read before the examination

## Eligibility

Residents of Toyohashi who turn **60 or 65** this fiscal year  
(Age is as of March 31, 2023)

## Checkup details

	Tests	Fee	Examination period
Checkup at a medical institution (Refer to the list below)	Consultation / Tonometry / Funduscopy examination Slit lamp examination※	¥900	May 9, 2022 to January 31, 2023

※ A slit lamp microscope is used to examine the cornea, crystalline lens, etc.

## Things to bring

**Examination voucher** → [Front Page] Please fill in the bolded Phone Number field. [Back Page] Answer the questions. Please bring the voucher without tearing it.

**Examination Fees** → If your voucher has 「有料」(Fees payable) printed in the Fee field you are required to pay the examination fees. The examination is free of charge for households exempted from municipal residence tax and households on welfare. ※Fees are calculated from the household taxes of the fiscal year 2021 (which is calculated from the household income of the year 2020) and the household tax situation as of January 1, 2021. ※There are no refunds after the examinations. If you have any questions regarding the fees please ask in advance.

**Health Insurance Card** → Any additional tests or treatments will be charged separately.

## Notes

- Eye drops to dilate the pupil will be used and your eyes will be **light sensitive** after the examination. It is **dangerous** to drive after the examination and it will not be safe to drive until your eyes are no longer dilated.
- Please consult your doctor if you are currently receiving any treatment or are having similar examinations regularly.
- For questions about your examination results, please inquire at the medical institution where you have the examination.
- Personal information obtained from this examination will not be used for any other purposes.

Some medical institutions may require appointments and may stop accepting appointments before the end of January. We recommend that you have the test as soon as possible.

# Participating Medical Institutions

Depending on how busy the facility is, there may be days that medical examinations cannot be performed. Please call the medical institution in advance about appointments.
